

**Board Approved Ethics Courses  
Meeting Education Requirements for the  
Uniform CPA Examination**

**April 12, 2024**

**Board Rule 511.164(a)(3) – Definition of 150 Semester Hours to Qualify for Issuance of a Certificate requires the completion of a three-semester hour Board-approved standalone course in accounting or business ethics to be eligible for the Texas CPA Certificate.** The ethics course is not required to take the CPA Examination. The Board established specific criteria for an ethics course to be accepted. For additional information on the requirements, refer to [Texas Administrative Code \(state.tx.us\)](http://state.tx.us) and the Board’s website at [www.tsbpa.texas.gov](http://www.tsbpa.texas.gov) at [TSBPA - Ethic Course Requirements \(texas.gov\)](http://www.tsbpa.texas.gov) The following courses listed are recognized by the Board as meeting this requirement.

**NOTE:** Only courses that contain the ethics rules of the AICPA, the SEC and the Texas State Board of Public Accountancy may be considered to meet the ethics course requirements. Ethics courses that include the rules of other boards of accountancy shall not replace the requirement for coverage of the Texas State Board of Public Accountancy Rules of Professional Conduct. (Chapter 501). Courses that are not shown on the listing below may be considered after information documenting the requirements is provided and approved.
